We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Davis County, Utah (the County) for the year ended December 31, 2010, and have issued our report thereon dated May 27, 2011, which report was modified as described below. The financial statements of Davis Behavioral Health (a component unit of Davis County) were audited by other auditors, whose reports have been furnished to us, and our report, insofar as it relates to the amounts included for Davis Behavioral Health, is based solely on the reports of such other auditors. As part of our audit, we have audited the County's compliance with the requirements governing types of services allowed or unallowed; eligibility; matching, level of effort, or earmarking; reporting; and special tests and provisions applicable to each of its major State assistance programs as required by the State of Utah Legal Compliance Audit Guide for the year ended December 31, 2010. The management of Davis County is responsible for the County's compliance with all compliance requirements identified above. Our responsibility is to express an opinion on compliance with those requirements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether material noncompliance with the requirements referred to above occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements. We believe that our audit provides a reasonable basis for our opinion.

Our audit does not provide a legal determination on the City's compliance with these requirements.

The results of our audit procedures disclosed instances of noncompliance with the requirements referred to above, which are described in the accompanying Schedule of Findings and Questioned Costs. We considered these instances of noncompliance in forming our opinion on compliance, which is expressed in the following paragraph.

In our opinion, Davis County complied, in all material respects, with the general compliance requirements identified above and the requirements governing types of services allowed or unallowed; eligibility; matching; level of effort; or earmarking; reporting; and special tests and provisions that are applicable to each of its major State assistance programs for the year ended December 31, 2010.
