

TAKE & MAKE — POSITIVE MAGNET

Items Needed:

- Small wood blocks
- Magnet button
- Hot glue or wood glue
- Mod Podge or school glue
- Paint (if desired)
- Printed design

Directions:

1. Glue three small wood blocks together with hot glue or wood glue to make a square.
2. Paint the square, if desired, in the color of your choice.
3. Attach the design of your choice to the front of the square, gluing it down with Mod Podge or school glue.
4. Glue the magnet button to the back of the square with hot glue.

“Kindness is something anyone can give without losing anything themselves.”
