

# UTAH REPORTABLE DISEASES

UTAH LAW (R386-702) REQUIRES THAT THE FOLLOWING DISEASES BE REPORTED TO YOUR LOCAL HEALTH DEPARTMENT OR THE UTAH DEPARTMENT OF HEALTH AND HUMAN SERVICES **IMMEDIATELY**.

**Davis County Health Department Disease Reporting Line: (801) 525-5220**

- **Anthrax\*** (*Bacillus anthracis*)
- **Botulism\*** (*Clostridium botulinum*)
- **Cholera** (*Vibrio cholerae*)
- **Coronavirus, novel** – including MERS and SARS
- **Diphtheria\*** (*Corynebacterium diphtheriae*)
- **Haemophilus influenzae\***, from a normally sterile site
- **Hepatitis A**
- **Influenza infection, non-seasonal strain\***
- **Measles\*** (Rubeola virus)
- **Meningococcal disease\*** (*Neisseria meningitidis*)
- **Plague\*** (*Yersinia pestis*)
- **Poliomyelitis**, paralytic and non-paralytic
- **Rabies**, human and animal
- **Rubella**, excluding congenital syndrome
- **Smallpox** (Variola virus)
- **Staphylococcus aureus\***†, with resistance to vancomycin (VRSA) isolated from any site
- **Transmissible spongiform encephalopathies (prion diseases), including Creutzfeldt-Jakob disease**
- **Tuberculosis\***† (*Mycobacterium tuberculosis*)
- **Tularemia\*** (*Francisella tularensis*)
- **Typhoid\***† (*Salmonella typhi*), cases and carriers
- **Viral hemorrhagic fevers**, including Ebola, Lassa, and Marburg virus-related illnesses
- **Yellow Fever**
- **Any unusual diseases or outbreaks of any kind and any exposure/infection that may indicate a bioterrorism event**

UTAH LAW (R386-702) REQUIRES THAT THE FOLLOWING DISEASES BE REPORTED TO YOUR LOCAL HEALTH DEPARTMENT OR THE UTAH DEPARTMENT OF HEALTH AND HUMAN SERVICES WITHIN THREE (3) DAYS AFTER IDENTIFICATION.

**Davis County Health Department Disease Reporting Line: (801) 525-5220 or FAX (801) 525-5210**

- **Acute flaccid myelitis (AFM)**
- **Adverse event resulting from smallpox vaccination** (vaccinia virus, orthopoxvirus)
- **Anaplasmosis** (*Anaplasma phagocytophilum*)
- **Arbovirus disease**, including Chikungunya, Oropouche, St. Louis encephalitis, West Nile virus\*, and Zika virus\*
- **Babesiosis** (*Babesia*)
- **Botulism, infant\*** (*Clostridium botulinum*)
- **Brucellosis\*** (*Brucella spp.*)
- **Campylobacteriosis\*** (*Campylobacter spp.*)
- **Candida auris\***† or **C. haemulonii\***†, from any body site
- **Carbapenem-resistant or carbapenemase-producing Acinetobacter spp.\*†**, **Enterobacterales organism\*†**, **Escherichia coli†**, **Klebsiella spp.†**, or **Pseudomonas aeruginosa\*†**
- **Chagas disease**
- **Chancroid** (*Haemophilus ducreyi*)
- **Chickenpox** (Varicella-zoster virus)
- **Chlamydia trachomatis infection**
- **Coccidioidomycosis** (*Coccidioides spp.*)
- **Colorado tick fever**
- **COVID-19 (SARS-CoV-2) detected by NAAT\***
- **Cronobacter sakazakii\*** from a normally sterile site in a person less than 12 months old
- **Cryptosporidiosis** (*Cryptosporidium spp.*)
- **Cyclosporiasis** (*Cyclospora spp.*)
- **Dengue fever**
- **Ehrlichiosis** (*Ehrlichia spp.*)
- **Free-living amoebas**, from any human source, including *Acanthamoeba spp.*, *Balamuthia mandrillaris*, and *Naegleria fowleri*
- **Giardiasis** (*Giardia spp.*)
- **Gonorrhea** (*Neisseria gonorrhoeae*), sexually transmitted & ophthalmia neonatorum†
- **Hantavirus infection** (Sin Nombre virus)
- **Hemolytic Uremic Syndrome**, post-diarrheal
- **Hepatitis, viral**, including hepatitis B (acute, chronic, and perinatal), C (acute, chronic, perinatal), D, and E
- **Human immunodeficiency virus (HIV) infection**, including perinatal and AIDS
- **Influenza-associated hospitalization\***
- **Influenza-associated death in a person less than 18 years of age**
- **Legionellosis\*** (*Legionella spp.*)
- **Leprosy** (*Mycobacterium leprae*), Hansen's disease
- **Leptospirosis** (*Leptospira spp.*)
- **Listeriosis\*** (*Listeria spp.*)
- **Lyme disease** (*Borrelia burgdorferi* and *B. mayonii*)
- **Malaria** (*Plasmodium spp.*)
- **Melioidosis** (*Burkholderia pseudomallei*)
- **Mpox**
- **Mumps**
- **Mycobacterial infections other than tuberculosis**
- **Pertussis** (*Bordetella pertussis*)
- **Pregnancy associated with a Hepatitis B, Hepatitis C, HIV, Listeria, Rubella, Syphilis, or Zika virus infection**
- **Psittacosis** (*Chlamydophila psittaci*)
- **Q Fever** (*Coxiella burnetii*)
- **Relapsing fever** (*Borrelia spp.*), tick-borne
- **Rubella**, congenital syndrome
- **Salmonellosis\*†** (*Salmonella spp.*)
- **Shiga toxin-producing Escherichia coli (STEC) infection\***
- **Shigellosis\*†** (*Shigella spp.*)
- **Spotted fever rickettsioses**, (*Rickettsia spp.*) including Rocky Mountain spotted fever (*Rickettsia rickettsii*)
- **Streptococcal disease, invasive**, due to *Streptococcus pneumoniae*†, Group A (*S. pyogenes*) and Group B (*S. agalactiae*)
- **Syphilis**, all stages, congenital and syphilitic stillbirths
- **Tetanus** (*Clostridium tetani*)
- **Toxic-Shock Syndrome**, staphylococcal or streptococcal
- **Trichinellosis** (*Trichinella spp.*)
- **Vibriosis\*** (*Vibrio spp.*)

## REPORTABLE DISEASES/TESTS FOR ENTITIES PARTICIPATING IN ELECTRONIC LABORATORY REPORTING (ELR)

- **CD4+ T-Lymphocyte tests**, regardless of known HIV status
- **Clostridium difficile**
- **Cytomegalovirus (CMV)**, congenital
- **Influenza virus**
- **Liver function tests associated with viral hepatitis**
- **Norovirus infection**
- **Respiratory syncytial virus (RSV)**
- **Streptococcal disease**, invasive, other
- **Toxoplasmosis**

\* Mandatory Submission of Clinical Material: Laboratories shall submit clinical material to the Utah Public Health Laboratory for all cases identified with these organisms, or any organism implicated in an outbreak when instructed by authorized local or state health department staff.

† Full panel susceptibility results, including minimum inhibitory concentration and results suppressed to the ordering clinician, are reportable when performed on these organisms.

Diseases may be reported to Davis County Health Department by fax (801-525-5210) or telephone (801-525-5220).

For questions about disease reporting, please contact [dchdepi@co.davis.ut.us](mailto:dchdepi@co.davis.ut.us) or call (801) 525-5200 or visit <https://www.daviscountyutah.gov/health/health-services/disease-control-services/healthcare-professionals-medical-providers>
